Black 330 Grade II

Phone (503) 289-7720 Fax (503) 289-8920 Toll Free (800) 234-2358

Application: Conveyorbelt's Heavy Duty Black Grade II belts are different from other belt manufacturers' "economical" belt lines. These belts will stretch less than 2% at full working tension and meet the Rubber Manufacturers Association's rating for Grade 2 rubber compounds. In addition, our belts have full skims between plies and exhibit fastener retention safety factors of 8 to 1. Impact resistance due to full gauge rubber between skims.

Technical Data

	Imperial
Working Tension	330
Number Of Plies	3
Fabric Type	Poly/Nylon
Top Surface	3/16"
Bottom Surface	1/16"
Overall Gauge	13/32"
Weight (Per Inch of Width)	.208
Minimum Rec. Pulley Diameters	12"
Working Temperature	-25/180 F

Splicing Methods

Bias Stepped	Plate	Hinged	Staple	Rivet
YES	190	550	NO	R5
