Application: A deep impression top cover on the Rough Top Belt provides thousands of flexible gripping fingers to hold packaged products or units being carried up or down steep grades to a maximum of 35 degrees. Rough Top Belt is available with a tan gum rubber covers on an all-polyester fabric carcasses. The tan cover is suggested for transporting packaged food products where an odorless, non-toxic, non-marking belt is a necessity.

Tan Pure Gum is essential for products where the highest grab, steepest incline and long wear life are required. Also suitable for non-marking applications including forest products.
